Mr. Mark Land  
President  
American Association for Homeopathic Pharmacists  
4332 SE Logus Road  
Milwaukie, Or 97222

Dear President Land and Members of the American Association for Homeopathic Pharmacists:

It is my pleasure to congratulate the American Association for Homeopathic Pharmacists (AAHP) on the auspicious occasion of its 90<sup>th</sup> Anniversary.

Since AAHP's inaugural year in 1923, the organization has been at the forefront of the expanding homeopathic community, marshalling the voices of manufacturers, distributors, and pharmacists to drive broader recognition and acceptance of the complementary medicine industry. The AAHP has distinguished itself through its work to support industry quality standards through the Homeopathic Pharmacopoeia of the United States, and worked with legal experts and government regulators to create the FDA Compliance Policy Guide 7132.15 (CPG), which established the conditions for the marketing of homeopathic drugs. The organization also plays an invaluable role in bringing legislative initiatives to the attention of members of Congress, and in advocating for initiatives that promote the strategic goals and objectives of the homeopathic pharmaceutical industry.

Throughout my career in Congress, I have been pleased to work closely with AAHP representatives to ensure that my constituents and all Americans continue to enjoy access to a wide range of personalized homeopathic medicines. I look forward to continuing to collaborate with leaders from AAHP as they pursue their mission to promote responsible industry practices for regulatory compliance, strengthen ingredient product quality, and ensure truthful and compliant product labeling and consumer safety through educational outreach.

Once again, I congratulate the American Association of Homeopathic Pharmacists on its 90<sup>th</sup> Anniversary – and I wish it every success over the next 90 years.

Sincerely,

Tom Harkin  
United States Senator
